### Course Overview

In an era of heightened institutional scrutiny, HR leaders must transcend operational management to become guardians of corporate integrity. This webinar equips participants with the high-level governance acumen and boardroom diplomacy required to navigate the complexities of executive decision-making. We move beyond policy-writing to explore the architecture of HR Charters, the ethics of executive compensation, and the psychological mastery of board-level persuasion. Participants will learn to position HR not merely as a department, but as a critical advisor to the Board of Directors, ensuring that human capital strategy is woven into the very fabric of organizational governance.
